- The glass sides can be removed to clean, carefully pull metal tab away from glass to remove
- Hinged clear door
- Includes hanging loop or handle, ideal to hang on a Shepherd's hook or branch
- LED pillar candle requires 3 AAA batteries, not included
- Candle is removable
- Timer feature: 5 hours on/19 hours off or on/off
- Light time: 50+ hours on a fresh set of batteries

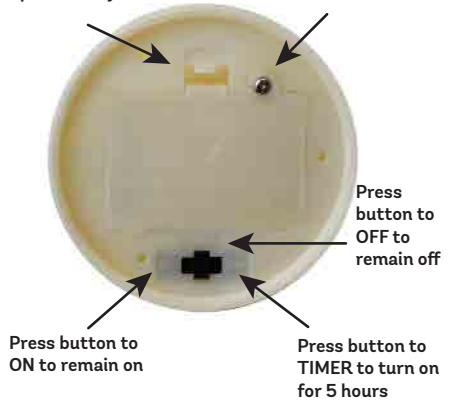

Description

The amber flickering pillar LED candle features a 5 hour timer allows you to turn on the light and let it flicker for 5 hours and it turns itself off. Requires 3 AAA batteries, not included. The faux-embedded wick at the center on top of the candle gives a realistic amber flicker to mimic the light of a real candle. The flame is not a moving flame. Candle is not made of wax. Lanterns are not

weatherproof and should only be used for temporary outdoor use.

Press tab down to open battery lid

Remove screw to add 3 AAA batteries

Uses

- The natural flicker adds glow and atmosphere to a mantel, windowsill, table setting, picnic, romantic evening or just to set the mood
- A perfect decorative addition for weddings, holiday parties, Thanksgiving, Halloween, family reunions, fund raising events, dinner party, New Year's Eve and everyday decor
- Decorate the lantern with white silk flowers or rose petals for a wedding, wrap silk ivy around for a country look, tie a ribbon around the hanging ring or handle for color
- Remove batteries when not in use for any length of time
